neighbourhood services

Mission, Vision, Values

Dixon Hall Neighbourhood Services is a multi-service agency located in the heart of east downtown Toronto.

For more than 85 years, we've offered a wide variety of supportive programs and services to a diverse range of community members living in downtown east Toronto, including Regent Park, Moss Park, Cabbagetown, St. James Town and surrounding neighbourhoods, as well as to homeless men and women and people searching for employment from across the city.

Our Mission: We are community partners in creating opportunities for people of all ages to dream, to achieve and to live full and rewarding lives. Our programs and services promote healthy and independent living.

Our Vision: We are leaders in creating good jobs, good health, good shelter, vibrant, strong, safe and caring community.

Our Values: Respect, Caring, Compassion, Integrity, Equity, Accessibility, Excellence, Pride.

Message from the Executive Director & Board Chair

KATE STARK, Executive Director

ELLIOTT JACOBSON, Board Chair

New Beginnings is the phrase that best describes our accomplishments over the past year.

First, Dixon Hall Neighbourhood Services is the new name that came out of the voluntary integration with former Mid-Toronto Community Services on January 1, 2014.

Second, we have a new vision, new logo and new colours.

Third, we have new leadership in our hard working employees, our inspired management team and our Board of Directors.

Our employees, our look and our vision provide the necessary foundation for the new initiatives we've launched in the past 12 months. You'll read more about them in the pages of this Annual Report, but let us highlight a few here.

Our Music School became the only eastern Canadian, full charter member of the Berklee College City Music Network. This partnership provides an incredible opportunity for our students to be part of an internationally acclaimed music network.

We were very excited to receive funding for our Youth Incubator program, which will enable us

to support youth in the hospitality and trades sectors by providing real life training opportunities through our beloved Mill Centre and Show Love Café.

We successfully launched the Show Love Café this year, a bustling social enterprise located on the main floor of Daniels Spectrum. The Show Love Café is an employment training program and performance arts venue that helps youth gain the skills and confidence needed to be job and life ready.

A new partnership with Egale and 519 Church Street Community Centre enables us to more effectively support homeless LGBT youth by helping them find necessary safe housing and employment.

Our seniors have access to more programs and recreational trips and now benefit from a streamlined intake process that gets them connected to services they need quickly and efficiently.

These are a few of our new beginnings. As you read through the Annual Report you'll see great examples showcasing the many important accomplishments of our community members as well. We are honoured to be able to help them in their new beginnings.
